

Business Consulting

Healthcare

Grant Thornton has a wealth of consulting experience in the healthcare sector. We work across major transformation programmes and projects to deliver change and add value in line with strategic policy and organisational requirements. We invest time in building our knowledge of the challenges you face to enable us to deliver robust, tailored and sustainable solutions.

Transforming healthcare

At Grant Thornton we understand that our healthcare clients operate in increasingly complex environments with constant pressures to enhance quality, deliver better outcomes and control costs.

Our dedicated Business Consulting Healthcare team has the personnel, industry experience and tool sets to support you across a multitude of service lines including project and programme management, finance transformation, strategic support and operational excellence. Our services can ensure your organisation consistently delivers value within in the context of evolving patient needs, rising patient expectations, technological advances and fiscal constraints.

Our integrated range of services

Strategic support

- service user value management;
- economic impact assessment; and
- functional and business unit strategy.

Business transformation

- programme, project and change management;
- programme management office;
- communications and stakeholder engagement; and
- Target Operating Model (TOM) development.

Operational excellence

- model of care implementation
- lean process re-engineering;
- cost containment; and
- finance transformation.

Our dedicated team

Our in-depth knowledge of the rapidly evolving healthcare landscape, experience working at all levels of the Irish healthcare system and advanced technical expertise ensure that our healthcare team is in a unique position to deliver the services you require to the highest standards.

Our Business Consulting team is comprised of exceptional individuals, with market-leading industry experience and skills. As member of Grant Thornton International our team has access to specialists from over 130 countries.

We are committed to supporting healthcare organisations to build a better health service.

Why Grant Thornton?

Agile and adaptable

Our adaptable consultants can tailor tools and methodologies to adapt to the changing healthcare environment.

Proven track record

We have long established relationships with key healthcare leaders and have earned a reputation for consistently delivering to a high standard and exceeding client expectations.

Collaborative culture

We collaborate across our team, the firm and with our clients to foster innovation, build partnerships and ensure shared decision making.

Client focused

We discover what's important to you and make it important to us.
